

How to use ratios to assess your company's financial health · How to calculate return on IT investments · Ways to use financial information to support your company's business units and do your own job better · How to instill financial intelligence throughout your team Authoritative and accessible, Financial Intelligence for IT Professionals empowers you to "talk numbers" confidently with your boss, colleagues, and direct reports -- and understand how the financials affect your part of the business.

Lessons from the Great Recession James Barrood 2012-05-10 The Great Recession was a brutal period for small business owners. But they are a pretty resilient bunch, and they've learned plenty of lessons: not just about how to survive, but also about how to position themselves to thrive. This book is a compilation of the most valuable lessons and insights written by an extraordinary group of experts: people who are completely locked in to the challenges real small businesses and entrepreneurs face. They include: - Business planning, by Tim Berry, founder of Palo Alto Software and a foremost expert on writing effective business plans · Reducing costs and negotiating debts, by Jerry Silberman, Founder and CEO of Corporate Turnaround and co-author of The Small Business Survival Book · Financing small businesses, by Joe Knight and Karen Berman, Founders of the Business Literacy Institute and authors of Financial Intelligence for Entrepreneurs · Using outside contractors, consultants, and virtual assistants, by nationally-known small business finance expert Barbara Weltman · Innovating more profitably, by Steve Wunker, top innovation consultant and author of Capturing New Markets: How Smart Companies Create Opportunities, and James Barrood, head of one of the top entrepreneurship centers in the nation, the Rothman Institute of Entrepreneurship at

Fairleigh Dickinson University · Using technology for competitive advantage, by Heather Clancy, an award-winning business journalist and contributor to SmartPlanet · Leveraging social media, by Brian Moran, one of the nation's top small business leaders · Coping with regulations, by Karen Kerrigan, President of the Small Business & Entrepreneurship Council · Mergers and acquisitions, by Andrew Sherman, partner at the Jones/Day law firm, and author of Grow Fast/Grow Right and 16 other books · Plus an epilogue by Rieva Lesonsky, nationally known speaker and authority on entrepreneurship and CEO of GrowBiz Media.

De 5 frustraties van teamwork Patrick Lencioni 2012-06-19 In De vijf frustraties van teamwork legt Patrick Lencioni de kern van samenwerking in teams bloot. Dat doet hij aan de hand van deze parabel, waarin Catherine Petersen als ceo een team moet leiden dat onderling zo in conflict is geraakt dat het de hele organisatie negatief beïnvloedt. Gaandeweg openbaren zich vijf grote frustraties waarmee teamleden worstelen, frustraties die de samenwerking saboteren: gebrek aan betrokkenheid, afschuiven van verantwoordelijkheid en niet-resultaatgericht werken. Lencioni laat middels dit verhaal zien hoe deze hindernissen ontstaan en hoe je ze achter je kunt laten. Vervolgens werkt hij het onderliggende model uit. Een boek met een krachtige boodschap voor iedereen die in of met teams werkt.

Financial Intelligence, Revised Edition Karen Berman 2013-02-19 Explains what business numbers mean and why they matter, and addresses issues that have become more important in recent years, including questions about the financial crisis and accounting literacy. [CIO](#) 2006-01-15
