Mr. Nobody Catherine Steadman 2020-02-18 Op een Engels strand wordt een man gevonden: half bewusteloos, geen papieren en niet in staat om te praten. Iedereen toont belangstelling. De ziekenhuismedewerkers voelen zich op onverklaarbare wijze tot hem aangetrokken, de internationale medische experts staan voor een raadsel en de landelijke pers noemt hem Mr. Nobody. Allemaal zijn ze op zoek naar antwoorden. Wie is deze man? En wat is er met

hem gebeurd? Sommige herinneringen kunnen echter beter verborgen blijven. Neuropsychiater Dr. Emma Lewis wordt gevraagd de patiënt te beoordelen. Dit is haar grote kans: deze zaak kan haar wereldwijde bekendheid opleveren. Maar daar schuilt ook het gevaar. Veertien jaar geleden verliet Emma het dorp waar ze opgroeide en sindsdien heeft ze er alles aan gedaan om elk spoor van haar verleden uit te wissen. Hoe meer tijd ze met haar patiënt doorbrengt, des te meer alarmbellen er afgaan in haar hoofd. Ze is doodsbang dat hij nét dat ene weet wat niemand anders te weten mag komen.

Critical Issues in Preparing Effective Early Childhood Special Education Teachers for the 21 Century Classroom Festus E. Obiakor 2015-09-01

The purpose of this book is to provide a forum for an interdisciplinary scholarly dialogue with regard to preparing teachers for early childhood special education. In addition, it is aimed at examining and making available relevant and most recent scholarship to practitioners and at addressing critical issues and perspectives around preparing effective educators for the 21 century classroom and the future. This book intends to illuminate a complex and challenging task of preparing effective educators through the lenses of several educational disciplines, including but not limited to, teacher education, general education, special

education, early childhood education, and urban education. The information in this work will focus on several educational disciplines that have the most immediate implications for teacher preparation and practice. The overall educational knowledge base will be enhanced due to the educational interdisciplinary approach. This has additional implications for teacher education, special education, educational leadership, curriculum and instruction, educational policy, and urban education, to name a few. The multidimensional nature of the book gives it the freedom to highlight multiple and diverse voices

while at the same time providing a forum for different (and sometimes divergent) methodologies, philosophies, and ideologies. *GACE Special Education General and Adapted Curriculum (081, 082, 581, 083, 084, 583) Study Guide* Cirrus Teacher Certification Exam Prep 2019-02-10 Imagine a study guide actually made for teachers! Olive Kitteridge Elizabeth Strout 2015-08-04 Olive Kitteridge is gepensioneerd. Haar leven lang heeft ze lesgegeven aan de kinderen van Crosby, een idyllisch gelegen kuststadje in Maine. Haar leerlingen hadden vaak een ander beeld van haar dan zijzelf; nooit een blad voor de mond nemend, in haar eigen ogen altijd oprecht, was ze toch meer gevreesd dan geliefd. Na haar pensionering wordt Olive meer dan ooit betrokken bij de

menselijke drama's achter de keurige façades van het stadje, waardoor haar leven een diepere betekenis krijgt. De succesvolle HBO-serie met Frances McDormand in de hoofdrol werd genomineerd voor drie Golden Globes.

Combatting Illicit Trade in Tobacco Products Stanislaw Tosza 2022 This book focuses on the enforcement aspect of tobacco control policy, and argues that the intense regulation of the tobacco market will never be successful as long as it can be circumvented by the availability of illicit tobacco products. Yet, current efforts to combat illicit tobacco trade are insufficient, suffering from

several flaws and gaps at the regulatory and operational levels. The aim of this book is to provide an analysis of the legal framework and practice of enforcement with regard to illicit tobacco products. Combining criminological and legal perspectives, it presents and critically analyses the phenomenon of illicit tobacco trade, as well as the policies, legal frameworks and practices in six EU countries with regard to combatting this phenomenon, assessing the strengths and weaknesses of their approaches. Furthermore, it studies the relationship between the EU and third countries (e.g. Ukraine) in terms

of how the EU can influence policy and enforcement in these countries in order to counter illicit tobacco trafficking. Not exclusively focusing on the EU, the book also includes an analysis of enforcement against illicit tobacco products in the US. The EU Member States analysed in the book (Belgium, Germany, Italy, Latvia, the Netherlands and Poland) reflect the range of currently available approaches. Some of them have ratified the WHO Protocol against tobacco smuggling; others have not. They belong to different legal traditions and face different challenges due to their respective border situations. While Belgium

and the Netherlands are key entry ports to the EU, Poland and Latvia represent the Eastern land border of the EU, with various regional challenges. Italy has a long maritime border, where trafficking is possible from Northern Africa and from the Middle East. It also has significant experience in fighting organised crime. Lastly, Germany is the largest market in Europe and situated in the middle of these trafficking routes.
