

World Civilizations The Global Experience 6th Edition Notes

When somebody should go to the book stores, search launch by shop, shelf by shelf, it is truly problematic. This is why we present the ebook compilations in this website. It will very ease you to see guide **World Civilizations The Global Experience 6th Edition Notes** as you such as.

By searching the title, publisher, or authors of guide you in point of fact want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections. If you take aim to download and install the World Civilizations The Global Experience 6th Edition Notes, it is utterly simple then, previously currently we extend the link to purchase and make bargains to download and install World Civilizations The Global Experience 6th Edition Notes in view of that simple!

Black Woman's Burden N. Rousseau 2009-09-28 Black Woman's Burden examines the historical endeavors to regulate Black female sexuality and reproduction in the United States through methods of exploitation, control, repression, and coercion. The myth of the "angry Black woman" has been built over generations through clever rhetoric and oppressive social policy. Here, Rousseau explores the continued impact of labeling and stereotyping on the development of policies that lead to the construction of national, racial, and gender identities for Black women.

World Politics: Trend and Transformation, 2014 - 2015 (Book Only) Charles W. Kegley 2014-03-19 WORLD POLITICS: TREND AND TRANSFORMATION offers analysis of the most up-to-date data, research, and contemporary events from today's international political stage Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

World Civilizations Peter N. Stearns 2001 The primary goal of World Civilizations: The Global Experience, Third Edition is to present a truly global history--one that both discusses the development of the world's leading civilizations and also emphasizes the major stages in the interactions among different peoples and societies. The book examines all the world's civilizations, including those in the Western tradition but also those civilizations sometimes neglected in world history texts--for example, the nomadic societies of Asia, Latin America, and the nations and states of the Pacific Rim. World Civilizations balances this discussion of independent developments in all the world's major civilizations with comparative analysis of the results of international contact. MARKET Appropriate for anyone interested in World History. us ISBNs: 0-673-99427-9

A Century of Encounters Tanja Stampfl 2019-03-13 A Century of Encounters analyzes Arab, American, and European literary depictions of self and other as they interact with each other in Arab North Africa throughout the twentieth century and introduces the trope of the encounter as a lens through which to read contemporary world literature comparatively. A focus on the transnational encounter allows for the in-depth study of constructions of gender, race, and national identities both for the self and the other in order to answer the seemingly simple questions: What makes up different encounters in the twentieth century, and how can we facilitate a productive and positive encounter between these groups? This book illustrates connections between literary texts that have hitherto been overlooked and establishes an intertextual genealogy of transcultural encounters throughout the twentieth century that coalesce around the themes of desire, family, and travel. In its literary analysis, A Century of Encounters aims to facilitate a better understanding of other cultures in general and contribute to constructive cross-cultural interactions between the United States, Europe, and Arab North Africa in particular.

Teaching American History in a Global Context Carl J. Guarneri 2015-07-17 This comprehensive resource is an invaluable teaching aid for adding a global dimension to students' understanding of American history. It includes a wide range of materials from scholarly articles and reports to original syllabi and ready-to-use lesson plans to guide teachers in enlarging the frame of introductory American history courses to an international view.The contributors include well-known American history scholars as well as gifted classroom teachers, and the book's emphasis on immigration, race, and gender points to ways for teachers to integrate international and multicultural education, America in the World, and the World in America in their courses. The book also includes a 'Views from Abroad' section that examines problems and strategies for teaching American history to foreign audiences or recent immigrants. A comprehensive, annotated guide directs teachers to additional print and online resources.

Het uitdrukken der gemoedsaandoeningen bij den mensch en de dieren Charles Darwin 1873

Gilgamesj Frank Groothof 2006 Prentvertelling met een eigentijdse bewerking van het verhaal van koning Gilgamesj en zijn strijd tegen de wildeman Enkidoe, die later zijn vriend wordt. Met gekleurde tekeningen en de gehele vertelling op cd. Vanaf ca. 10 jaar.

Botsende beschavingen Samuel P. Huntington 2019-01-24 Het klassieke werk over de wereldpolitiek nu weer beschikbaar In Botsende beschavingen haalt Huntington de illusie van harmonie tussen culturen genadeloos onderuit en stelt hij het conflict centraal. Oorlogen tussen nationale staten en ideologieën zijn verleden tijd. Toekomstige conflicten zullen verlopen volgens de breuklijnen van culturen en beschavingen. Huntington onderscheidt in dit werk negen beschavingen in de nieuwe wereldorde, die gedomineerd zullen worden door de westerse enerzijds en de Chinese en islamitische anderzijds. Botsende beschavingen is een belangrijk document over de toestand van de wereld.

Understanding the Global Experience Thomas Arcaro 2016-03-22 First Published in 2016. Routledge is an imprint of Taylor & Francis, an Informa company.

Twentieth-Century World Carter Vaughn Findley 2011-01-01 In the exciting new Seventh Edition, Findley and Rothney's best-selling TWENTIETH-CENTURY WORLD thoroughly covers recent world history by focusing on themes of global interrelatedness, identity and difference, the rise of mass society, and technology versus nature. Outlined in the

book's introduction, these themes help readers effectively place historical events in a larger context. Integrating the latest dramatic phases in world history, the Seventh Edition has been extensively revised and updated, especially the period since 1945. The two chapters on Superpowers, Europe, and the Cold War have been completely rewritten. The text also takes a more in-depth look at the economic growth of India and China, recent developments of the Israeli-Palestinian conflict, the impact of the global financial crash, the latest in the war on terror, new international environmental initiatives, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Tussen de wereld en mij Ta-Nehisi Coates 2015-11-18 WINNAAR VAN DE NATIONAL BOOK AWARD VOOR NON-FICTIE 2015 'Tussen de wereld en mij' is een lange brief van Ta-Nehisi Coates aan zijn vijftienjarige zoon, waarin hij beschrijft hoe het is om als zwarte jongen op te groeien in Amerika. Een Amerika dat zichzelf voorhoudt dat raciale tegenstellingen tot het verleden behoren, maar waar aanhoudende gewelddadige incidenten tegen de zwarte bevolkingsgroep een andere werkelijkheid laten zien. Coates maakt pijnlijk duidelijk hoezeer racisme in de Amerikaanse cultuur zit verankerd en dat gewelddadige uitpattingen geen toevallige incidenten zijn, maar voortkomen uit scheve machtsverhoudingen en diepgewortelde maatschappelijke noties. Hij kijkt vanuit een historisch perspectief en beschrijft hoe raciale gedachten door de eeuwen heen zijn geëvolueerd. Volgens Coates is racisme vooral een fysieke ervaring, waarbij de lijfelijke dreiging tegen 'black bodies' telkens een andere vorm aanneemt: van slavernij en opsluiting tot buitensporig politiegeweld. Hij neemt de lezer aan de hand mee door zijn leven. Daarbij probeert hij één vraag te beantwoorden: is het in Amerika mogelijk om gewelddoos in een zwart lichaam te leven?

Cross-Cultural Encounters in Modern World History Jon Thares Davidann 2016-09-16 Cross-Cultural Encounters in Modern World History explores cultural contact as an agent of change. It takes an encounters approach to world history since 1500, rather than a political one, to reveal different perspectives and experiences as well as key patterns and transformations. It studies the spaces between cultures historically to help us transcend human differences today in a rapidly globalizing world. The text focuses on first encounters that suggest long-term developments and particularly significant encounters that have changed the direction of world history. Because of the complexities of these encounters, the author takes a user-friendly approach to keep the text accessible to students with varying backgrounds in history.

World Politics: Trend and Transformation, 2016 - 2017 Shannon L. Blanton 2016-01-01 WORLD POLITICS: TREND AND TRANSFORMATION offers analysis of the most up-to-date data, research, and contemporary events from today's international political stage. You'll understand what is happening today and why. The 2016-2017 Edition incorporates recent challenges to global peace and prosperity, and the latest on international organizations, advances in military technology, a look at the changing nuclear environment in Iran, an expanded discussion on human rights, an enhanced discussion of global health threats, new data from World Development Indicators, and more. A partnership with the Carnegie Council for Ethics in International Affairs provides additional coverage of contemporary issues. The authors present each issue in a thought-provoking way that encourages readers to critically assess the problems, payoffs, pitfalls, and paradoxes of people's choices about the global future and the probable impact of those choices. World Civilizations Philip J. Adler 2014-01-01 For an accessible, comprehensive global survey of the world's major civilizations, Adler and Pouwels's WORLD CIVILIZATIONS offers a great balance between detail and brevity. This unique student-oriented text offers 53 short chapters accompanied by strong pedagogy and critical thinking tools, giving instructors the flexibility to assign a wide range of major topics in world history in a variety of different ways, while making learning more manageable for students. The focused treatment of topics throughout history covers every major epoch and follows broad patterns and processes, while illuminating history through specific examples and a particular emphasis on social and cultural topics. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Earth and Its Peoples: A Global History Richard Bulliet 2014-01-01 Featuring a beautiful new design, THE EARTH AND ITS PEOPLES, Sixth Edition, presents world history in a balanced, global framework, shifting the focus away from political centers of power. This truly global text for the world history survey course employs fundamental themes of “environment and technology” and “diversity and dominance” to explore patterns of humans' interactions with their surroundings and with each other. The authors' approach reveals how humanity continues to shape and be shaped by the environment and how dominant structures and traditions are balanced and challenged by alternate beliefs. Special emphasis is given to technological development and how it underlies all human activity. Highly acclaimed in their fields of study, the authors bring a wide array of expertise to the program. A combination of strong scholarship and detailed pedagogy gives the book its reputation for rigor and student accessibility. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

De zijderoutes Peter Frankopan 2016-03-08 'Door terug te kijken, ver terug te kijken, houdt Frankopan ons een spiegel voor, die uiteindelijk haarscherp laat zien dat we ons zullen moeten aanpassen – of we nou willen of niet.' – VPRO Tegenlicht DWDD-boekentip maart 2016 De zijderoutes is een schitterende verkenning van de elementen die de stuwende kracht waren achter de opkomst en de ondergang van wereldrijken, die de stroom van ideeën en goederen bepaalden en nu een nieuw tijdperk inluiden in de internationale politiek. Het gebied ten oosten van de Middellandse en de Zwarte Zee tot aan de Himalaya, dwars door Centraal-Azië tot diep in China en India, was duizenden jaren het middelpunt van de aarde. Het is de bakermat van onze beschaving, waar meer dan 2500 jaar v.Chr. metropolen ontstonden als Harappa en Mohenjodaro met een bevolking die in de tienduizenden liep en met straten die waren aangesloten op een geavanceerd

rioleringsstelsel. Het is ook het gebied van de zijderoutes – handelsroutes maar ook verbindingswegen waarlangs opvattingen, religies, ideeën, cultuur én ziektes zich konden verspreiden. Hier begint Peter Frankopan zijn nieuwe wereldgeschiedenis. Na de eerste zijderoutes ontstonden er andere: de slavenroute, de goudroute, de route naar het zwarte goud. Maar in onze eenentwintigste eeuw zijn nieuwe routes aan het ontstaan die een grote gelijkenis vertonen met die allereerste, die Centraal-Azië doorkruisten. De zijderoutes komen terug! 'Briljante verhaallijnen (...) Een wereldgeschiedenis die het middelpunt van die wereld naar het oosten verplaatst.' – The Economist 'Veel boeken beweren "een nieuwe geschiedenis van de wereld" te zijn; dit boek heeft die benaming met recht.' – The Times

The New World History Ross E. Dunn 2016-08-23 The New World History is a comprehensive volume of essays selected to enrich world history teaching and scholarship in this rapidly expanding field. The forty-four articles in this book take stock of the history, evolving literature, and current trajectories of new world history. These essays, together with the editors' introductions to thematic chapters, encourage educators and students to reflect critically on the development of the field and to explore concepts, approaches, and insights valuable to their own work. The selections are organized in ten chapters that survey the history of the movement, the seminal ideas of founding thinkers and today's practitioners, changing concepts of world historical space and time, comparative methods, environmental history, the "big history" movement, globalization, debates over the meaning of Western power, and ongoing questions about the intellectual premises and assumptions that have shaped the field.

De haas met de amberkleurige ogen Edmund de Waal 2011-12-21 Geheel herziene, prachtig geïllustreerde editie. In september verschijnt de 12e druk van deze internationale bestseller. Edmund de Waal beschrijft op meeslepende wijze de geschiedenis van zijn familie en hun bijzondere netsukeverzameling. Van een ontluikend imperium in Odessa naar het fin de siècle in Parijs, via bezet Wenen naar het naoorlogse Tokio: tegen de achtergrond van een tumultueuze eeuw volgt De Waal de reis van de netsukes door de generaties van zijn opmerkelijke familie.

World Civilizations Philip J. Adler 2011-01-01 For an accessible, comprehensive global survey of the world's major civilizations, Adler and Pouwels's WORLD CIVILIZATIONS offers a great balance between detail and brevity. This unique student-oriented text offers 54 short chapters accompanied by strong pedagogy and critical thinking tools, giving instructors the flexibility to assign a wide range of major topics in world history in a variety of different ways, plus making learning more manageable for students. Built on the authors' nearly sixty years of combined teaching experience, the Sixth Edition features increased coverage of Asia and Africa, strengthening the global backbone of the text significantly. The focused treatment of topics throughout history covers every major epoch and follows broad patterns and processes, while illuminating history through specific examples and a particular emphasis on social and cultural topics. Available in the following split options: WORLD CIVILIZATIONS, Sixth Edition (Chapters 1-54), ISBN: 978-0-495-91300-9; Volume I: To 1700 (Chapters 1-28), ISBN: 978-0-495-91301-6; Volume II: Since 1500 (Chapters 22-54), ISBN: 978-0-495-91302-3. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Navigating World History P. Manning 2003-05-15 World history has expanded dramatically in recent years, primarily as a teaching field, and increasingly as a research field. Growing numbers of teachers and Ph.Ds in history are required to teach the subject. They must be current on topics from human evolution to industrial development in Song-dynasty China to today's disease patterns - and then link these disparate topics into a coherent course. Numerous textbooks in print and in preparation summarize the field of world history at an introductory level. But good teaching also requires advanced training for teachers, and access to a stream of new research from scholars trained as world historians. In this book, Patrick Manning provides the first comprehensive overview of the academic field of world history. He reviews patterns of research and debate, and proposes guidelines for study by teachers and by researchers in world history. *1177 v. Chr.* Eric Cline 2014-11-13 In '1177 v.Chr' beschrijft Eric H. Cline een keerpunt in onze geschiedenis. Na jaren van bloei kwam er een abrupt einde aan de beschavingen uit het bronzen tijdperk. In het jaar 1177 voor Christus wist het machtige leger van Egypte de verwoestende invasies van het zeevolk te stoppen, maar dat bleek een pyrrusoverwinning. In slechts enkele decennia vielen de illustere rijken van de Trojanen, Hettieten, Minoërs, Egyptenaren en Babyloniërs als dominanten om, samen met hun monumentale architectuur en vernuftige technologie. Hoe kon dat gebeuren? Eric H. Cline vertelt het meeslepende verhaal van de ondergang van de beschaving en werpt daarmee nieuw licht op een periode die bepalend is geweest voor de loop van onze geschiedenis en angstaanjagend veel lijkt op de hedendaagse situatie in de landen rond de Middellandse Zee. 'Cline heeft een van de boeiendste boeken uit de afgelopen jaren geschreven.' ***** Jona Lendering, NRC Handelsblad

Karl Marx Gareth Stedman Jones 2017-04-04 Uniek boek over de aartsvader van het communisme De 19de eeuw was een periode van ongekende veranderingen. Intellectueel, sociaal, economisch, religieus, technologisch – de uitdagingen waren groter dan ooit. Afstanden werden kleiner, steden groeiden en de nieuwe fabrieken leverden een golf van uitvindingen op. In de nasleep van de Slag bij Waterloo vond tegelijkertijd Europa-breed een debat plaats over de werkelijke betekenis van de Franse Revolutie en de hoop en angsten die deze had voortgebracht. Midden in deze discussie staat Karl Marx, de zoon van een Joodse bekeerling uit het Rijnland, een man die zijn hele leven zou wijden aan de studie naar de raadsels en paradoxen van de 19de-eeuwse wereld. Gareth Stedman Jones neemt de lezer mee naar de wereld van Karl Marx en de ontwikkeling van zijn gedachtegoed. Als geen ander slaagt hij erin de mens en zijn ideeën begrijpelijk te maken. Met als opvallendste onthulling dat Marx aan het eind van zijn leven zijn geloof in zijn communistische theorieën verloor en Het Kapitaal niet wilde voltooien omdat hij meende dat zijn analyses onjuist waren – iets wat zijn vriend, medewerker en volgeling Friedrich Engels wist te vermoeden. Gareth Stedman Jones is professor Ideeëngeschiedenis aan de Universiteit van Londen en een Fellow van King's College, Cambridge, waar hij sinds 1997 als professor Politieke Wetenschap doceert. Hij is de veelgeprezen redacteur en commentator van de Penguin Classics Edition van Het Communistisch Manifest.

The Trouble with Textbooks Gary A. Tobin 2008-07-31 Our elementary, middle, and high school teaching about Jews, Judaism, and Israel is driven by textbook misstatements about Jewish theology, social structure, and the history of Israel that comprise an unsavory picture of Jews and Israel. This book will be an extremely valuable reference tool for educators and members of the public interested in religion and the Middle East.

Liberalism, Constitutional Nationalism, and Minorities Constantin Iordachi 2019-06-17 The book explores the making of Romanian nation-state citizenship (1750-1918) as a series of acts of emancipation of subordinated groups (Greeks, Gypsies/Roma, Armenians, Jews, Muslims, peasants, women, and Dobrudjans). Its innovative interdisciplinary approach to citizenship in the Ottoman and post-Ottoman Balkans appeals to a diverse readership.

[A Companion to World History](#) Douglas Northrop 2014-12-15 A Companion to World History presents over 30 essays from an international group of historians that both identify continuing areas of contention, disagreement, and divergence in

world and global history, and point to directions for further debate. Features a diverse cast of contributors that include established world historians and emerging scholars Explores a wide range of topics and themes, including and the practice of world history, key ideas of world historians, the teaching of world history and how it has drawn upon and challenged "traditional" teaching approaches, and global approaches to writing world history Places an emphasis on non-Anglophone approaches to the topic Considers issues of both scholarship and pedagogy on a transnational, interregional, and world/global scale

Execumé Gayle Oliver-Leonhardt 1999 An interactive, resume-building software.

Eurasian Slavery, Ransom and Abolition in World History, 1200-1860 Christoph Witzernrath 2016-03-09 Recent research has demonstrated that early modern slavery was much more widespread than the traditional concentration on plantation slavery in the context of European colonial expansion would suggest. Slavery and slave trading, though little researched, were common across wide stretches of Eurasia, and a slave economy played a vital part in the political and cultural contacts between Russia and its Eurasian neighbours. This volume concentrates on captivity, slavery, ransom and abolition in the vicinity of the Eurasian steppe from the early modern period to recent developments and explores their legacy and relevance down to the modern times. The contributions centre on the Russian Empire, while bringing together scholars from various historical traditions of the leading states in this region, including Poland-Lithuania and the Ottoman Empire, and their various successor states. At the centre of attention are transfers, transnational fertilizations and the institutions, rituals and representations facilitating enslavement, exchanges and ransoming. The essays in this collection define and quantify slavery, covering various regions in the steppe and its vicinity and looking at trans-cultural issues and the implications of slavery and ransom for social, economic and political connections across the steppe. In so doing the volume provides both a broad overview of the subject, and a snapshot of the latest research from leading scholars working in this area.

Experiencing Globalization Derrick M. Nault 2014-10-01 Today, in an age of globalization, religion represents a potent force in the lives of billions of people worldwide. Yet when social theorists examine the impact of globalization on contemporary religious movements, they tend to focus on issues such as Islamic fundamentalism and threats to US or global security. This collection of essays takes a different approach, analyzing – with special reference to Asia – religion through lived experience. The key issues covered in the volume include: how religious impulses contribute to globalization; how religious groups and organizations repackage traditional beliefs for transcultural appeal; how religious adherents cope with external threats to identity; how new technologies are reshaping the nature of religious beliefs and images; and how local and global religious influences blend and/or clash. Far from religion being a subject of peripheral concern to globalization, the contributors demonstrate that from the most basic level of our interactions with the natural environment to the socio-political behavior of the “great religions” – and even to the profusion of folk and pop culture phenomena – the influence of religion upon globalization, and vice versa, is apparent at all levels.

[Education about Asia 2005](#)

Asia Journal of Global Studies Derrick M. Nault 2012-01 Published twice yearly, the Asia Journal of Global Studies (AJGS) is the official journal of the Asia Association for Global Studies (AAGS). The journal features research articles on Asia and other world regions from an Asian perspective. Multidisciplinary in scope, AJGS accepts contributions from authors with backgrounds in the humanities and social sciences. The journal encourages historians, political scientists, sociologists, anthropologists, linguists, philosophers and others to submit their work for consideration. It particularly welcomes research that dissolves academic boundaries, looks beyond traditional notions of the nation state, and aims for a holistic view of the past, present and future.

[The Ashgate Research Companion to Modern Imperial Histories](#) John Marriott 2016-03-23 Written by leading scholars, this collection provides a comprehensive and authoritative overview of modern empires. Spanning the era of modern imperial history from the early sixteenth century to the present, it challenges both the rather insular focuses on specific experiences, and gives due attention to imperial formations outside the West including the Russian, Japanese, Mughal, Ottoman and Chinese. The companion is divided into three broad sections. Part I - Times - surveys the three main eras of modern imperialism. The first was that dominated by the settlement impulse, with migrants - many voluntarily and many more by force - making new lives in the colonies. This impulse gave way, most especially in the nineteenth century, to a period of busy and rapid expansion which was less likely to promote new settlement, and in which colonists more frequently saw their sojourn in colonial lands as temporary and related to the business mostly of governance and trade. Lastly, in the twentieth century in particular, empires began to fail and to fall. Part II - Spaces - studies the principal imperial formations of the modern world. Each chapter charts the experience of a specific empire while at the same time placing it within the complex patterns of wider imperial constellations. The individual chapters thus survey the broad dynamics of change within the empires themselves and their relationships with other imperial formations, and reflect critically on the ways in which these topics have been approached in the literature. In Part III - Themes - scholars think critically about some of the key features of imperial expansion and decline. These chapters are brief and many are provocative. They reflect the current state of the field, and suggest new lines of inquiry which may follow from more comparative perspectives on empire. The broad range of themes captures the vitality and diversity of contemporary scholarship on questions of empire and colonialism, encompassing political, economic and cultural processes central to the formation and maintenance of empires as well as institutions, ideologies and social categories that shaped the lives both of those implementing and those experiencing the force of empire. In these pages the reader will find the slave and the criminal, the merchant and the maid, the scientist and the artist alongside the structures which sustained their lives and their livelihoods. Overall, the companion emphasises the diversity of imperial experience and process. Comprehensive in its scope, it draws attention to the particularities of individual empires, rather than over-generalising as if all empires, at all times, and in all places, behaved in a similar manner. It is this contingent and historical specificity that enables us to explore in expansive ways precisely what constituted the modern empire.

Wereldorde Henry Kissinger 2015-03-09 Provocerend en uitgesproken In Wereldorde neemt Kissinger ons mee op een wereldreis langs de historische opvattingen over de ordening van de wereld. Hoe uiteenlopend deze opvattingen ook zijn, iedere beschaving zag zichzelf als het middelpunt van de wereld en beschouwde de eigen normen en waarden als universele standaard. In onze tijd speelt de internationale politiek zich af op wereldniveau. Tegenstrijdige historische opvattingen over de hoe de wereld in elkaar zit, of zou moeten zitten, komen met elkaar in aanraking. Maar de belangrijke spelers zijn onbekend met elkaars spelregels en een gemeenschappelijk doel is er niet. Wereldorde is een uniek boek waarin Kissinger laat zien hoe oude opvattingen terug te vinden zijn in hedendaagse conflictsituaties en hoe we - mogelijk - tot een vreedzame oplossing kunnen komen. Henry Alfred Kissinger werd geboren in Fürth (Duitsland) in

1923. Zijn familie verhuisde in 1938 naar New York, op de vlucht voor het naziregime. Als politicus en diplomaat is hij overal op de wereld geweest, stond presidenten met raad en daad terzijde en was nauw betrokken bij de grote politieke gebeurtenissen van onze tijd. Hij schreef vele boeken waaronder zijn memoires (Classic Memoirs), uitgegeven in drie boeken (2011-2012). In 1973 werd hem de Nobelprijs voor de Vrede toegekend.

Confucian Culture and Competition Law in East Asia Jingyuan Ma 2022-08-31 Competition law is a significant legal transplant in East Asia, where it has come into contact with deeply rooted variants of Confucian culture. This timely volume analyses cultural factors in mainland China, Japan and Korea, focusing on their shared but diversely evolved Confucian heritage. These factors distinguish the competition law systems of these countries from those of major western jurisdictions, in terms of the goals served by the law, the way enforcement is structured, and the way subjects of the law respond to it. Concepts from cultural studies inform a new and eclectic perspective on these dynamics, with the authors also drawing on ideas from law and economics, comparative law, East Asian studies, political science, business management and ethics, and institutional economics. The volume presents a model for cultural analysis of comparative legal topics and contributes to a greater understanding of the challenges to deeper convergence of competition laws between East and West.

Invasive Stink Bugs and Related Species (Pentatomoidea) J.E. McPherson 2018-01-17 Key features: Presents a brief history of past classifications, a summary of present classification, and speculation on how the classification may evolve in the future Includes keys for the identification of families and subfamilies of the Pentatomoidea and for the tribes in the Pentatomidae Explains transmission of plant pathogens and concepts of pathology and heteropteran feeding for the non-specialist Provides an extensive literature review of transmission by stink bugs of viral, bacterial, fungal, and protozoan organisms that cause diseases of plants Discusses the diversity of microbial symbionts in the Pentatomidae and related species, showing how microorganisms underpin the evolution of this insect group Reviews semiochemicals (pheromones, kairomones, allomones) of the Pentatomoidea and their vital role in the life histories of pest and beneficial species and their exploitation by natural enemies of true bugs Covers past, current, and future control options for insects, with a focus on stink bugs and related heteropterans The Superfamily Pentatomoidea (stink bugs and their relatives) is comprised of 18 families with over 8,000 species, the largest of which is the family Pentatomidae (about 5,000 species). These species primarily are phytophagous, and many cause tremendous economic damage to crops worldwide. Within this superfamily are six invasive species, two that occur worldwide and four that are recent invaders in North America. Once established in new geographic regions, these species have increased their numbers and geographic distributions dramatically, causing economic damage totaling billions of dollars. Invasive Stink Bugs and Related Species (Pentatomoidea): Biology, Higher Systematics, Semiochemistry, and Management is the first book that presents comprehensive coverage of the biology of invasive pentatomoids and related true bug species and addresses issues of rapidly growing economic and environmental concerns. Containing the contributions of more than 60 stink bug specialists from 15 countries, this book provides a better understanding of the biology and economic importance of these invasive species, why they became invasive, and how their continued geographical expansion is likely to affect numerous agricultural systems and natural environments. Including over 3,500 references, this authoritative work serves as an access point to the primary literature on their life histories, higher systematics, diapause and seasonal cycles,

pathogens, symbionts, semiochemistry, and pest management control strategies for pentatomoid bugs.

The Middle Class Fights Back Brian D'Agostino 2012 Providing an insightful diagnosis of what went wrong and prescriptions for a cure, this book is a must-read for angry and confused middle-class Americans who want to understand the forces that are undermining their prosperity and economic security. * New, winning ideas for reframing progressive policies * A reliable roadmap to a green New Deal * An indispensable resource for activists, politicians, and policy analysts * Self-contained chapters suitable for college course readings in peace studies, American politics, economics, and education. * A unified critique of the conservative ideologies and policy agenda

Ons betere ik Steven Pinker 2011-12-15 De gruwelijke beelden van oorlogen en genocide die we op het nieuws zien geven ons de indruk dat onze tijd de gewelddadigste aller tijden is. Het omgekeerde is waar, laat Steven Pinker zien in Ons beter ik.. Hoe komt het dat we ons zoveel menselijker gedragen? Ons leven is verbeterd - en zo gaan we indirect andermans leven meer waarderen. En hoe meer we met anderen te maken krijgen, des te meer groeit onderling begrip, zelfs al is dat soms uit egoïsme. Pinker laat zien dat empathie en zelfbeheersing op den duur sterkere eigenschappen zijn dan sadisme en wraak. Ons beter ik is een indrukwekkende, onmisbare geschiedenis van de menselijke omgang en een boek voor de eeuwigheid. STEVEN PINKER (Montréal, 1954) is een experimenteel psycholoog, en professor in Psychologie aan Harvard University. Hij schreef over taal en intelligentie in onder andere Het taalinstinct (1994), Hoe de menselijke geest werkt (1997), Het onbeschreven blad (2002) en De stof van het denken (2007). Het unieke van Steven Pinker is dat hij zijn antwoorden op zoveel terreinen zoekt: psychologie, taalkunde, evolutiebiologie - en dat maakt hem ook meteen iemand die vanuit veel hoeken op debat en controverse kan rekenen. 'De stof van het denken is een rijk boek waarin Pinker laat zien hoe de werkelijkheid de taal bepaalt en de manier waarop we daarmee als biologische en sociale dieren hebben leren omgaan.' - DE STANDAARD 'Wie op de hoogte wil raken van een fascinerende nieuwe wetenschap, en bovendien graag spannende populair-wetenschappelijke boeken leest, moet zich Het taalinstinct niet laten ontgaan.' - TROUW **Encyclopedia of Historians and Historical Writers** Kelly Boyd 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama. Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day, including individuals from related disciplines like Jürgen Habermas and Clifford Geertz, whose theoretical contributions have informed historical debate. Additionally, the Encyclopedia includes some 200 essays treating the development of national, regional and topical historiographies, from the Ancient Near East to the history of sexuality. In addition to the Western tradition, it includes substantial assessments of African, Asian, and Latin American historians and debates on gender and subaltern studies.

21 lessen voor de 21ste eeuw Yuval Noah Harari 2018-08-24 In Sapiens boog Yuval Noah Harari zich over het verleden, in Homo Deus over de toekomst; nu laat hij zijn licht schijnen over het heden. Wat zijn de uitdagingen van onze tijd? Hoe beschermen we onszelf tegen een nucleaire oorlog, ecologische rampen en technologische bedreigingen? Wat is de oorzaak van de opkomst van populistten als Donald Trump? Hoe weren we ons tegen fake news? Moeten we ons voorbereiden op een nieuwe wereldoorlog? Wat moeten we denken van het opkomend nationalisme? Vragen de mondiale problemen die op ons afkomen om andere politieke systemen? Is het een goed idee dat we onze data overdragen aan enkele grote commerciële spelers, of wordt het tijd om het eigendom van data te reguleren? En wat wordt de grote nieuwe wereldmacht, Amerika, Europa of China? In dit boek beantwoordt Yuval Noah Harari de 21 meest urgente vragen van onze tijd.
